# Order at the Speed of Light!

We are always looking for ways to make it easier for you to do business with us. That's why we're introducing our exclusive **jumpcart™** System, an innovative new way to order office and breakroom products that is personalized to fit your business.

## Scan, Dock, Buy: It's that simple.

### Scan

We provide you with a cordless scanner about the size of the device you use to unlock your car doors. Use this scanner to scan bar codes found on product packaging or JumpCodes from a custom catalog or shelf labels that we create especially for you.

### Dock

When you are ready to order, plug your scanner into the cable attached to your PC. You will enter your password and the items you scanned will be displayed right in our website shopping cart.

### Buy

After you review the order, simply click to submit it.  
Scan, dock, buy, that's all there is to it.

Our exclusive **jumpcart™** System is the easiest way to order office products. No more writing down the wrong product number. No more spending time on the telephone. Ordering your office products now takes only seconds and is more accurate than ever before.

## Fast, Fun, Accurate, and Secure.

The **jumpcart™** System. Call us today to see it in action for yourself.
